

Instruction details for ConfTool:

In order to submit an abstract at first you have to create a new user account (account will also be used for registration later on). You will receive your personal login details via email. Please follow the link „Abstract Submission“ in the section „Your Submissions“ in order to get access to the submission page. You will be guided through the following submission steps:

1. Authors and Contribution Details.**2. Choose Type of Contribution**

Please indicate the preferred presentation mode of contribution.

3. Choose Theme/Themes of Contribution

Please specify the topic relevant to your contribution

4. Upload Completed File

During the phase of abstract submission the contributions may be amended with your personal login. More information for submitting authors you can find [here](#)
